Dear Dr. Moore

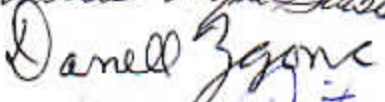

We would like to thank you for your excellent presentation at our meeting,
Tuesday August 27.

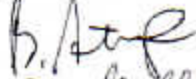

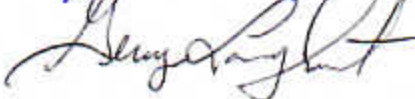

Your discussion of the basics of hypnotherapy, used as a medical intervention,
was very helpful. The tools you taught us provide ways to improve
concentration, relaxation and daily living activities. We commend you for the
hands on experience and interactive discussion you encourage. We know we
learn best when we are active participants.

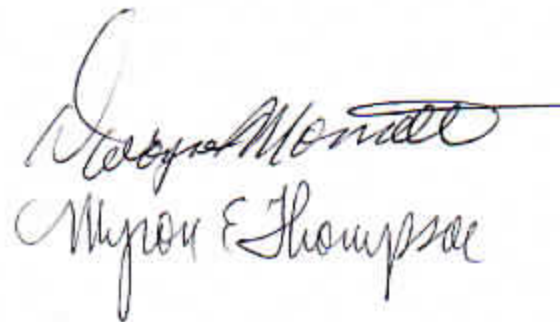

Your time with us was a great aid to help us demystify hypnotherapy and
enhance our wellness experience.

Thanks again for giving your personal time to share your considerable expertise
in hypnotherapy.
